

The Markets

New York Stock Exchange.
New York, May 15.—Today's market was the broadest and most active in many weeks with gains in all sectors of the list and a new high record for Reading.

Developments over the week-end impaired further strength to the stock list, prices showing substantial though variable gains at today's opening. Two new maximums were soon established. Reading rising a fraction over its previous best at \$144, while Willys-Overland made a new record on the rise of eight points to \$22. Studebaker, which featured last Saturday's active operations, made another rise of three to \$144, with advances of a point or better for Maxwell, shipping shares, Westinghouse Airplane, United States Rubber and Mexican Petroleum. Among rails Canadian and New Haven were again strong.

Extensive realization made no impression upon prices; the list with few important exceptions mounting to higher levels on broader operations. Reading and United States Steel were especially active, the former adding to its new record with an extreme gain of 18¢ at \$144, while Willys-Overland made a new record on the rise of eight points to \$22. Studebaker, which featured last Saturday's active operations, made another rise of three to \$144, with advances of a point or better for Maxwell, shipping shares, Westinghouse Airplane, United States Rubber and Mexican Petroleum. Among rails Canadian and New Haven were again strong.

Chicago, May 15.—Hogs—Receipts,

study at \$4 to 10% net decline. Cattle merely reflected the action of corn. Trade was very light.

Higher prices on hogs brought about an advance in provisions. Commission houses were the chief buyers.

Several other witnesses for the prosecution gave corroborative testimony regarding the activities of Casement in Germany.

According to testimony given this afternoon by Daniel O'Brien, another Irish prisoner who was at Limburg during Casement's visits and who afterwards was exchanged, Casement promised the Irish prisoners \$10 each if they joined the Germans and passage to America if Germany lost the war.

John Cronin of Cork, formerly a private of the Munster Fusiliers, corroborated O'Brien. He said the prisoners had been treated badly before Casement began his work, but that subsequently the Germans were more considerate.

According to testimony given this afternoon by Daniel O'Brien, another Irish prisoner who was at Limburg during Casement's visits and who afterwards was exchanged, Casement was hissed and booted out of the Limburg camp.

Several other witnesses for the prosecution gave corroborative testimony regarding the activities of Casement in Germany.

When Sir Roger took his place in the dock for the afternoon session it was evident that his nervousness had largely worn off. The Casement old whose self esteem was a marked feature, was reasserting himself. His spirits were not dampened even by his wrinkled sack suit or by the unbuttoned shoes provided prisoners of the class to prevent them from using the laces to harm themselves. Sir Roger held his head high and smiled as he took his seat beside Bailey.

O'Brien said that after Casement left Limburg recruiting for the Irish brigade was carried on by an American priest named Nicholson.

White most of the testimony of the day concerned Casement, at occasional question was put by the prosecu-

tion for the purpose of testing Bailey with the revolution statement.

Witnesses answered that they saw him at Limburg in the uniform of the Irish brigade.

While Casement was taking his seat in the dock like a stone man, suddenly over thumping his right shoulder.

Shortly after 1 o'clock the hearing was adjourned until tomorrow.

PREMIER ASQUITH GOES TO BELFAST FOR MEETING.

Dublin, May 15 (UPI)—Premier Asquith, who has been in Dublin for several days, departed this morning for Belfast to confer with prominent men in the north.

ASQUITH'S PLAN SAID TO BE IRISH WAR GOVERNMENT.

London, May 15 (UPI)—Premier Asquith's visit to Belfast seems to give color to reports that he is trying to arrange a coalition between the two Irish parties for a temporary war government in Ireland.

There has been no rebellious move-

ment in Belfast and apparently the premiers' consultations with prominent men of that city naturally will deal with broader questions than re-

bellion in other parts of Ireland.
